About the Database

Over 62 percent of the titles in Communications & Mass media were duplicated in other LLC databases. A high rate of duplication, high per-user costs (\$37.83 per user), and low utilization of the database (70 percent of all titles were not used since our subscription began in 2012) contributed to our nonrenewal decision. Although the vast majority of CSC faculty, students, and staff will be unaffected, a few of our patrons should note that the following journals will no longer appear in any of our databases:

- *Communication Monographs*—ranked 30/235 in SJR communication
- *Communication Quarterly*—ranked 57/235 in SJR communication
