

Teaching & Learning Center Fellowship Application Chadron State College | Chadron, Nebraska

About the Fellowship

Fellowship applicants must be full-time CSC faculty members committed to developing projects that contribute to the [mission and goals of the Teaching & Learning Center](#) (TLC) and/or the [six Master Academic Plan \(MAP\) priorities](#) as they relate to instruction and/or faculty development. With the help and support of TLC staff—technology and instructional design specialists—fellows must deliver an original instructional or scholarly work product that the College may use or adapt. Projects that culminate in some form of media or software will bear a [CC-BY-NC license](#), making it possible for educators and students to copy, redistribute, remix, transform, and build upon the material.

Work Product and Award

Fellowships stipends are \$5,000, of which \$2,000 is paid upon the receipt of the instructional or scholarly work product, which must meet [Creative Commons](#) guidelines (for licensing and distribution) as well as universal design standards (for [ADA compliance](#)). Fellowship timeframes are for a single semester (four months), and all work related to the fellowship should be completed within this timeframe. As well, all expenditures must support the development of the work product in clear and reasonable ways.

Support and Service

Fellows can expect the full support of TLC staff in their endeavors. Staff will assist in every conceivable manner, including the planning, development, and distribution of the instructional or scholarly work product. In the spirit of fellowship, fellows are also expected to deliver two one-hour seminars through the TLC that are directly or tangentially related to their work product.

Application Instructions

The TLC Fellowship application deadline is December 4, 2015, and award announcements will be made by December 18, 2015. Fellows are selected on the quality and originality of their project proposals as well as their fit in terms of the TLC mission and goals and the MAP priorities. To apply, complete, save, and submit this fillable PDF to the AVP of Teaching & Learning Technologies, Dr. Susan Hines, as an attachment via email (shines@csc.edu). You may need to [download Adobe Reader](#) to complete this form.
